

# Thanksgiving Center Piece Give Thanks Cornucopia

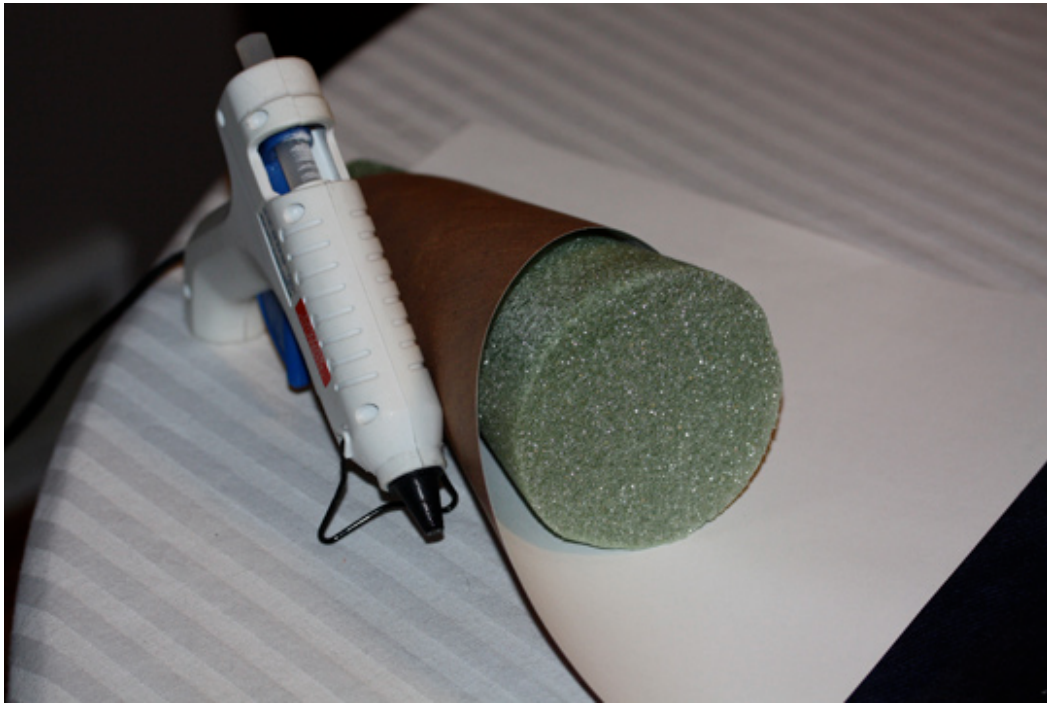

# Supplies

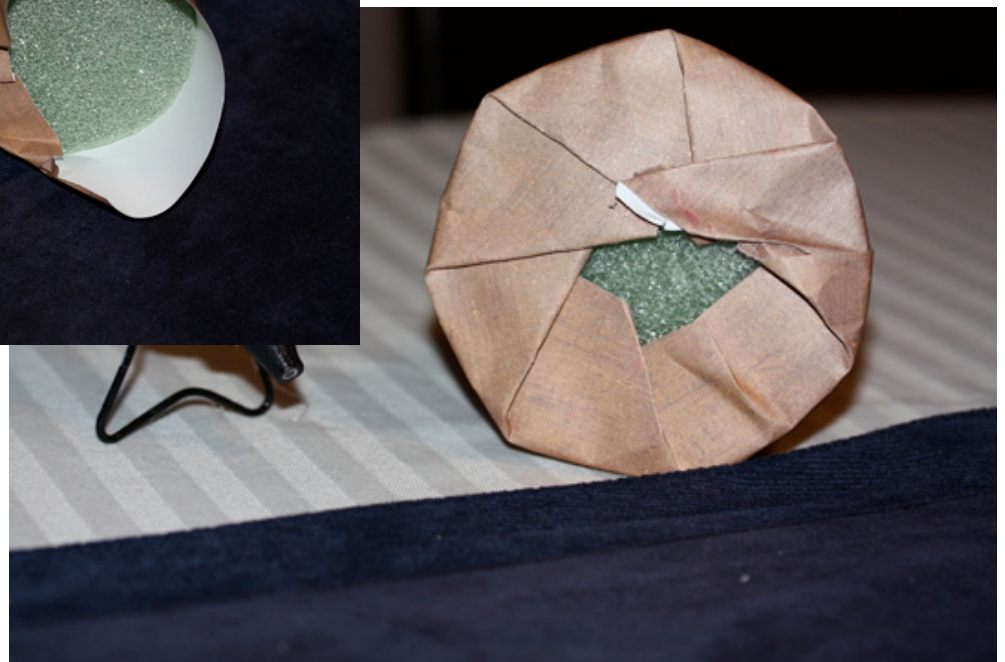

To create this center piece you will need:

- One styrofoam 9 inch floral cone
- At least four sheets of 12 X 12 card stock or paper in the colors and patterns of your choice
- Ribbon
- One skewer for each individual
- Your choice of basket filler. In this case, I choose crinkled brown paper.

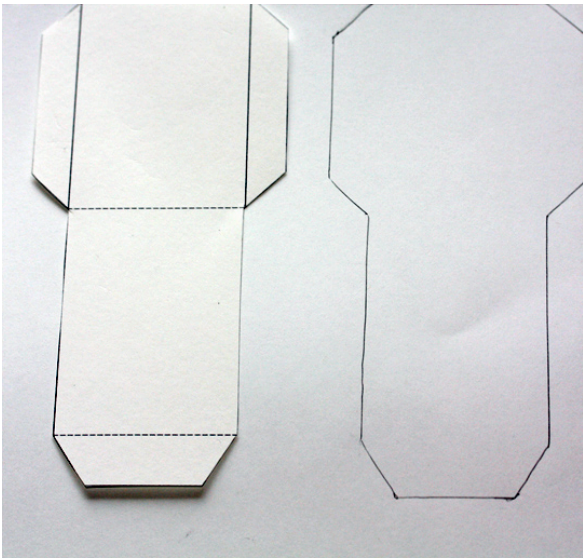

1. Wrap the cone with a piece of 12 X 12 paper.
2. Secure the paper to the cone using a hot glue gun.
3. Remove some of the excess paper on the ends with a scissors. Leave a small amount paper to fold over and glue to the top and bottom of the cone.
4. Fold the remaining paper over onto the top of the cone and attach using hot glue.

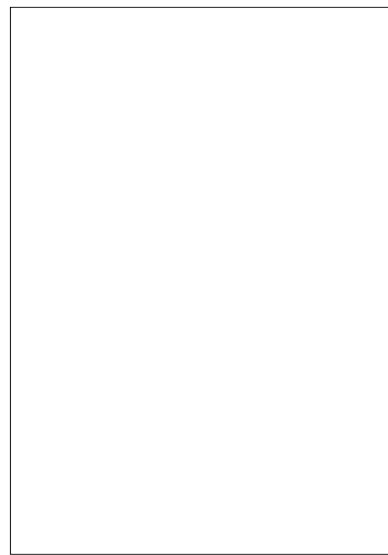

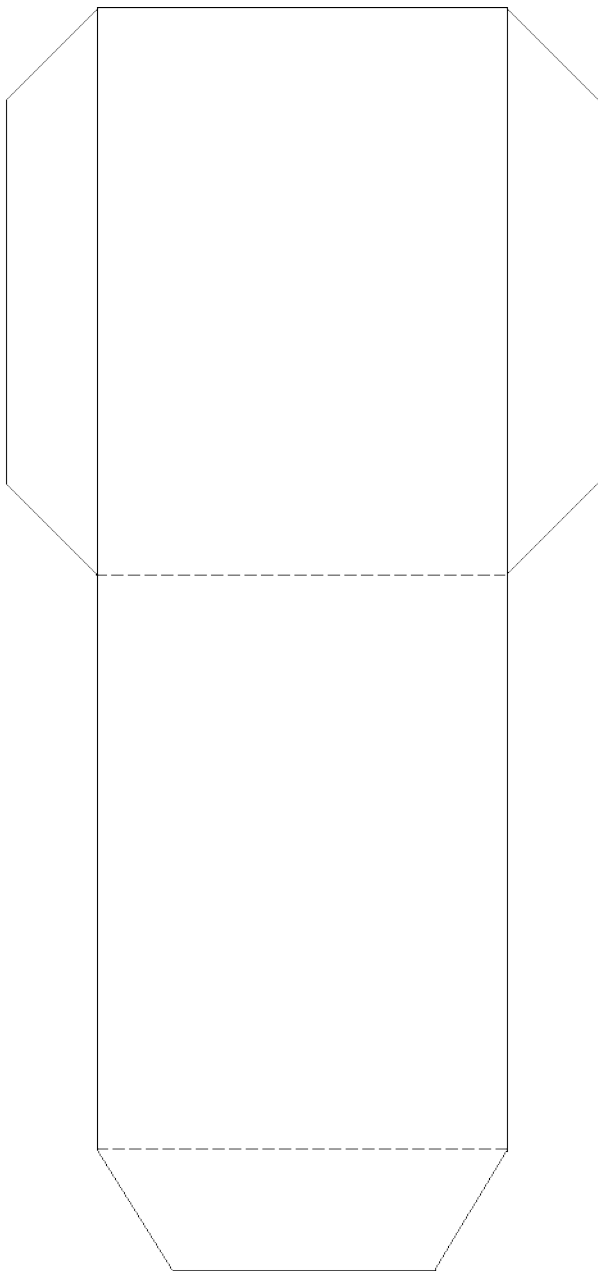

Attach basket filler to the top and bottom of the cone using hot glue.

1. Cut out and transfer the envelope template to a piece of paper.
2. Folder the paper along the dashed lines.
3. Glue the tabs to the top of the envelope.
4. Repeat until you have made enough envelopes for each of your guests.
5. Decorate the envelopes as desired and write names on them.

- Secure the skewers to the envelopes using hot glue.
- Tie the ribbon around the skewer into a bow.
- The final product will be similar to what appears below:
